

Newsletter No. 1 Thursday 7th September 2023

Welcome back to Haylands after what we hope has been an enjoyable summer break. Although the weather has been rather disappointing, the sun has obviously waited for us to return to school to put his hat on! With this in mind, please can we remind parents to please apply sun cream before school. Please send children in with a hat and ensure they have their water bottle with them every day.

Haylands School has very limited onsite parking which was designed to be used by staff of Haylands School and Haylands Preschool. We recognise that there are occasions when other members of the school community may need access to the car park due to a range of issues affecting mobility, or where other factors effect the safe transport of a child to school. Where possible we try to accommodate this. If you feel you qualify please request a form from the office to check the criteria and apply.

We have had complaints from the local residents in Asheys Place. Please do not park here as you must be a resident with a 'Resident Permit'.

Change of personal details - If you have had any change of address, name changes or any changes to the people with permission to collect children, please fill in a change of details form at the office or email admin@haylands.iow.sch.uk

Please remember we are now a dog free site, please do not bring dogs on site, even on the grass areas. Thank you for supporting this change.

Our student support and family support team including our SENCO Mrs Rose and Family Liaison Officer Mr Thomas will be holding a Macmillan Coffee Morning on Monday 18th September in the school hall. Please do come along if you possibly can.

WELCOME RECEPTION CHILDREN

Welcome to our new Reception Starters! We have had so much fun meeting our new children throughout this week who have really spent time in school during the afternoons at their stay and play sessions. We are so excited to welcome them to Haylands Primary on Monday for their first full day at school.

IW Fostering

Island children need local homes

Fit to Foster?

Many people think that they are either too young or too old to foster. The truth is that you must be at least 21 years of age. There is no upper age limit, as long as you are physically fit and healthy.

If you don't think you are suitable to foster, think again! Foster carers come from a variety of different backgrounds. There are children in care who may need you. Explore fostering with the IW Council.

Age Restrictions on Social Media

It is against the law to be on social media sites under the age of 13!

The COPPA law or Children's Online Privacy Protection Act states that any organisations or people operating online services (including social media services) are not allowed to collect the personal information of anyone under the age of 13 without parental permission.

Facebook, Instagram, Twitter and Snapchat all require users to be **at least 13 years old** before they can create an account.

Creating a Facebook account with false information is a violation of Facebook's terms, including accounts registered for someone under 13.

The minimum age for WhatsApp is 16 years old. YouTube requires account holders to be aged 18 years and over.

Apps

Apps can be a positive place for young people to socialise with peers. Many enable instant messaging, social networking and image sharing.

Some, like YouTube, can also be a great creative outlet. But consider:

- Privacy settings and age relevance
- Talking to them about the content they share
- Discussing the consequences of sharing messages and images.

Instant Messaging

Instant Messaging is a great way to socialise and keep up to date with what's going on right now. However there is a risk of unsolicited contact. If your child is using messenger services you should:

- Look at the privacy settings
- Ensure they understand that they may be talking to people they don't know and the risks this brings
- Talk to them about what is and isn't appropriate to send.

Online Safety Guidance for Parents

Online spaces, games and media form a large part of life for young people growing up today. They offer platforms to connect with others and to learn.

Risks

Of course there are risks associated with being online, as there are with all aspects of life. These include:

- Exposure to inappropriate content
- Sharing too much personal information
- Connecting with harmful people and
- Spending unhealthy amounts of time online.

Have a conversation

One of the best ways to help young people stay safe online is to talk to them about what they do.

If you understand the situations they encounter you'll be better placed to offer them advice on how to deal with them.

Gaming

Gaming is fun but be aware that it can be all consuming. Some things to consider:

- Use the gaming consoles' safety settings
- Agree with your child how much time they can spend playing online
- Pay attention to the PEGI (age) ratings and what they mean
- Remember that some online games have inbuilt chat functions
- Be aware that your child might use servers or 3rd party applications to access interactive online communities.

Bullying

Remember, it's not the technology that's the problem, it's the bullies' behaviour. Support young people by:

- Talking about bullying issues
- Making sure young people know that they can turn to you for support
- Reporting any incidents - it will help your child and others too.

Live Streaming

Broadcasting online brings an instant thrill that can be addictive. Encourage young people to think about:

- Body image - talk to them about how they want to be perceived online and who their audience might be
- Privacy - how do they protect it? You can't edit something that is going out 'live'
- Age appropriate - is the site they're using appropriate for them? Most social media sites are aimed at 13 year olds and upwards. If not, is there a way to make it safer for them (e.g. YouTube Kids).
