

Haylands Preschool and Reception Snack Menu Autumn 1

We work hard to ensure the children get the right amount of nutrients and energy they need while they are growing rapidly, which is especially important for children who might not have access to healthy food at home. This can help prevent children from becoming overweight or obese and build lifelong healthy eating habits. A healthy balanced diet is based on the 4 main food groups: fruit and vegetables, carbohydrates, dairy (or dairy alternatives) and protein.

We will provide:

- At least 1 portion of fruits and vegetables each day.
- At least 1 portion of plain starchy food including wholegrain and white each day (ie crackers/ricecakes).
- At least 3 portions of dairy in Preschool and 2 in Reception each day.

Every morning approx 09:30 - 10:30, children will be offered a selection of fruit and milk (whole and semi-skimmed). Children have access to drinking water throughout the day.

We will offer children an alternative if they do not like the main snack offer for the day.

We will provide alternatives (of the same nature) for children with allergies or dietary requirements. Please ensure we are informed of all allergies and needs.

Week beginning		Monday	Tuesday	Wednesday	Thursday	Friday
